

BRAC UNIVERSITY

Department of Computer Science and Engineering

SET: A

Course: CSE110

Examination: Quiz 1

Semester: Spring 2026

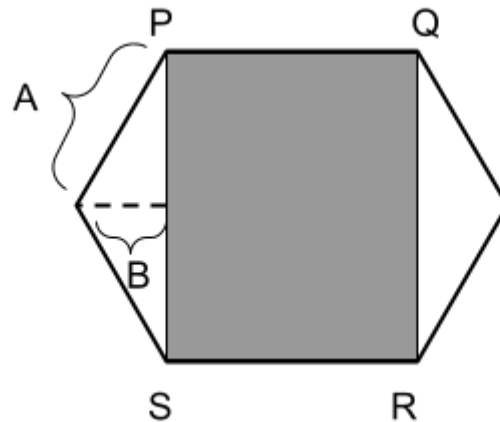

Name:

Duration: 15 min

Marks: 10

ID:

1.

Consider a regular **Hexagon** where each of the six sides is of equal length. You take two inputs **A & B** from the user. Your task is to **draw a flowchart** to calculate and print the **area of the Rectangle PQRS**.

[To find square root use `Math.sqrt(number)`]
